

TR33 Treadmill

SportsArt
FITNESS

3 speed fan is nestled between two oversize accessory water bottle trays

A 3.2 HP motor, the most powerful in its class, delivers plenty of performance for even the most demanding athlete. Technology abounds under the hood, examples include a zero maintenance AC lift motor and the proprietary **FLOWTEC™** cooling and cleaning system

TR33 display features an easy to use dot matrix display with professionally designed programs. This visually stimulating display features CardioAdvisor™ and multiple feedback options.

ACS™ (Adjustable cushion system)
This breakthrough feature allows users to customize the cushioning of the deck to fit their personal comfort level and training style

Massive 22" x 61" running surface is the largest in its class. Carbon weave belt combined with phenolic desk laminate delivers ultra-low coefficient of drag and extended belt life
